

## DuroVac Continuous Duty Vacuums

## Compact Series

**The perfect little industrial vac? Run it all day without filter problems. The DuroVac "Compact Series" was specifically designed to handle powders without the filters blinding.**

The unique filter system allows operators to **continuously vacuum super-fine powders** like toner dust and pigments. So there is never a drop in performance as the canister fills. Now you can vacuum fines continuously without stopping the system to shake the filters.

### Compact Series Common Features:

- super-quiet, continuous duty regenerative vacuum producer
- 20.9 sf primary filter efficiency of **99.99% @ 0.4 microns**, standard
- 19.3 US gallon material storage capacity
- Built in silencer for smooth, quiet operation

### Optional Features:

- inline filter for operator protection, easily upgrades to HEPA
- filter condition indicator
- vacuum equalizer kit to allow disposable PVC can liner
- forklift channels and crane lift on all systems

All three sizes in the Compact Series feature a quiet, *continuous duty*, regenerative type vacuum producer. And, like all our systems, they come with an optional high efficiency, cartridge type inline filter that can easily be upgraded to a HEPA type filter.

### Compact Series Model Specific Features:

	DV32	DV52	DV62
<b>System Horsepower</b>	3.0 Hp	5.0 Hp	6.1 Hp
<b>CFM (Maximum)</b>	145 scfm	219 scfm	219 scfm
<b>Vacuum (Maximum)</b>	96" S.P.	113" S.P.	129" S.P.
<b>Typical Conditions</b>	85 scfm @ 50"	135 scfm @ 50"	140 scfm @ 70"
<b>Air to Cloth Ratio</b>	4.1:1	6.5:1	6.7:1
<b>Noise Level @ 3ft</b>	73 dBa	75 dBa	77 dBa
<b>Weight</b>	388 lbs.	426 lbs.	471 lbs.

The **DV32** makes a tremendous little machine for direct connection to a spot pick-up where a continuous duty vac is required. Use with a 1.5" I.D. hose up to 25 ft long.

The perfect heavy-duty compact? The **DV52** combines decent power with triple filtration to handle ultra-fine, dry powders. A 1.5" or 2.0" I.D. hose up to 50 ft. long.

Use the **DV62** as a small multi-operator central vacuum system, or as a super-maneuverable portable vacuum for ultra-fines with a 2" I.D. hose up to 50 ft. long.

**DV vacuums often require a pre-separator to collect bulk material. Contact your distributor for details.** All models are available without wheels for use as a central vacuum system. Many options available.

**Hose and Cleaning Tools • Central Vacuum Tube and Fittings • Custom Controls**
